

For a positive development for children from birth to Kindergarten

Do you want your child to have a good start in the Kindergarten?

Do you speak only a little or no German at all at home?

Do you want to make sure, that your child brings along the necessary requirements and capabilities for the Kindergarten?

- ⇒ **On admittance to kindergarten every child should be developed according to his age.**
- ⇒ **Every child should have simple knowledge of the German language**

We are happy to advise you about the range of early learning activities in Embrach - every child should have equal start opportunities.

We help, support and accompany you:

- with questions about our education system
- with questions to the expected competences in Kindergarten
- with questions about childcare (toddler groups, playgroups, Kindergarten, day nursery)
- with questions about language development
- with networking in the community
